# Comments from the soldiers in Iraq

■ Thank you for your letter and patch of honor they are very nice. I will keep your letter with me and put it in my scrapbook when I get home. I am honored to know that kids like you and your classmates are taking time to write the men and women over here. Always keep in mind the greatest are those that have died in this war and the families that have been left behind so their moms and dads can win the war over here.

■ The proud women of the U.S. Air Force really appreciate your support, patriotism, and the goodies you send. We are so proud to have STARBASE as our “adopted school”.

■ Thanks for thinking of us in Iraq while we help to rebuild the nation. I will be returning home soon but we are doing great work in this country to give its citizens an opportunity to experience freedom like you and I do.

■ Thank you so much for taking the time to write. It means so much when we receive letters and cards from our fellow citizens. I am going to keep your letter framed on my desk.

■ I wanted to say thank you for sending us all those goodies and taking the time to write us. We all get excited when we get letters from back home.

■ Thank you very much for your letter. Getting mail from the United States makes us soldiers, sailors, marines and airmen very, very happy. I want to personally thank you and your family for supporting our troops. You and they are what make our country great.
